

Cane India with its uniqueness and cutting edge technology
CANE India product offers you the relaxed and carefree
experience in outdoor furniture.

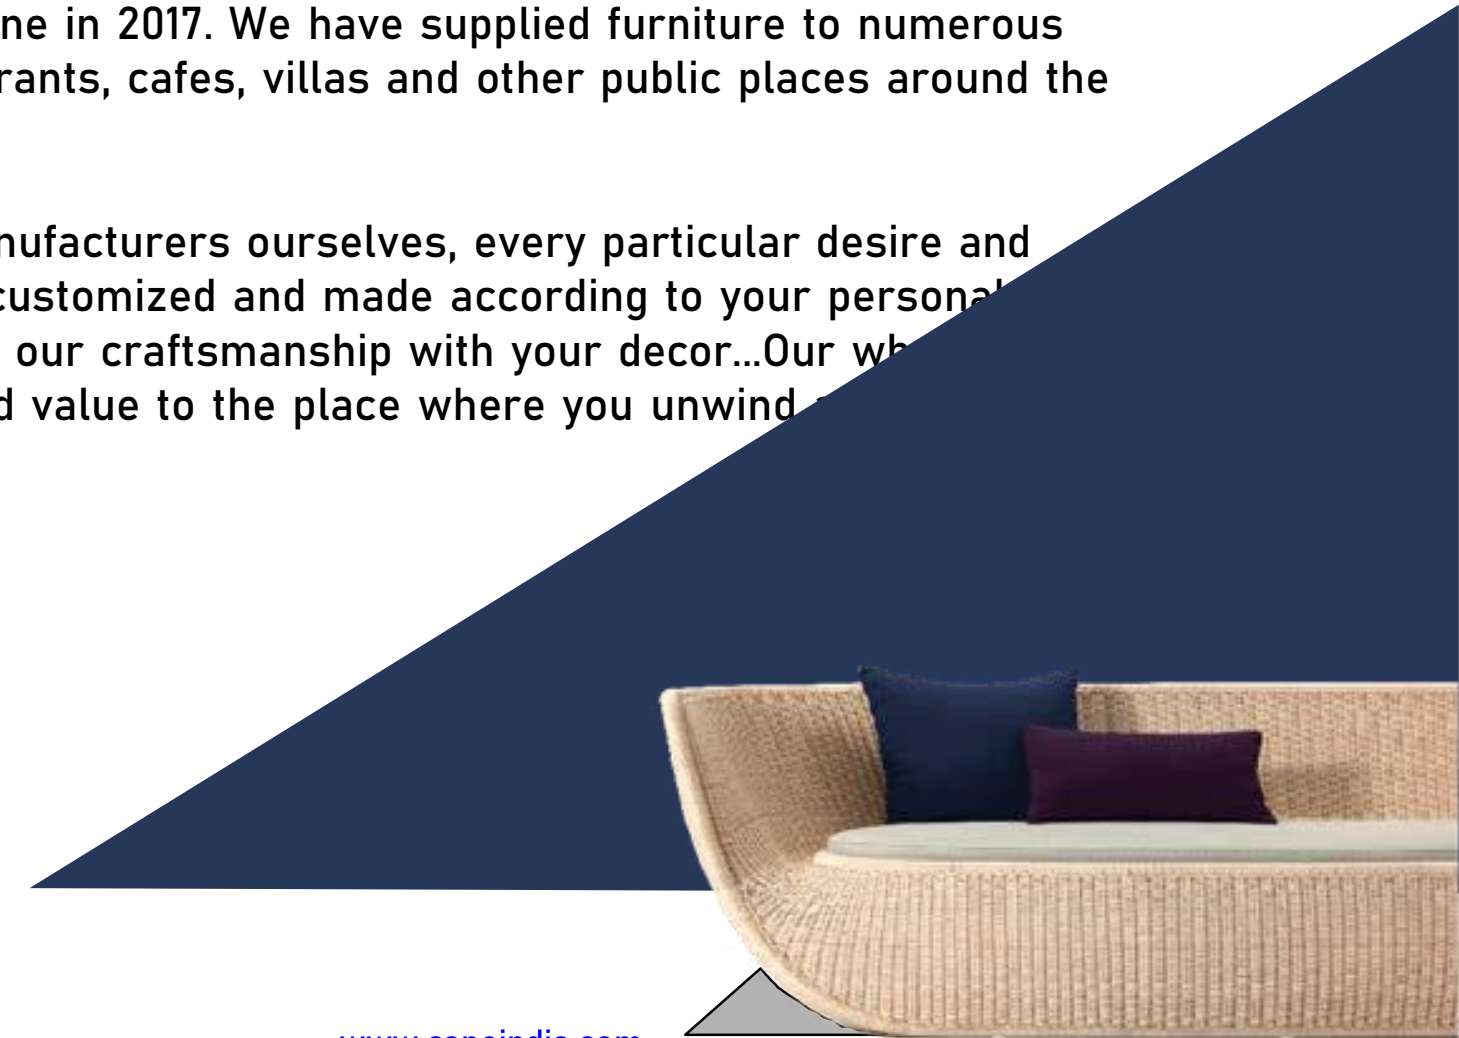

Cane India came up with a handful of clever, versatile, functional, interchangeable, and comfortable collections that are contemporary yet approachable. They are high quality, but affordable.

About Us

CANE INDIA has been a part of the outdoor furniture market for many years. Based on the changes in tastes and demand, we introduced our outdoor (synthetic wicker, outdoor teak, strap braide & ropes, umbrellas, gazebo etc.) wicker line in 2017. We have supplied furniture to numerous resort, hotels, restaurants, cafes, villas and other public places around the world.

Since we are the manufacturers ourselves, every particular desire and requirement can be customized and made according to your personal needs. We can match our craftsmanship with your decor...Our whole soul mission is to add value to the place where you unwind.

www.caneindia.com

The fiber used by us is dyed, high density poly- ethylene fiber which ensures that our furniture can sustain large temperature differences and change of seasons. Materials used in the production of our furniture are totally environment-friendly and recyclable. The USP of our furniture is that it is maintenance free- just basic cleaning will keep it looking sharp for a lifetime. Our range is the epitome of quality, design and durability.

To add quality and glamour to your furniture, we have tied up with a leading GERMAN based company REHAU & US based company called SUN- BRELLA, which manufactures fabric made of acrylic fiber that is excellent for the outdoors, requiring minimum care and maintenance. The company offers 5 years of carefree warranty for its product against fading.
